

New Timetable 20th May 2018

Almost Goodbye to Southern at Earlswood/Salfords

All services will be provided by Thameslink except a few additional peak trains by Southern to or from Victoria.

Earlswood and Salfords will be on the Gatwick to Bedford route and **thus loses direct services to Crawley** and Horsham.

The Service to London Bridge is much improved, the Victoria service isn't as bad as first thought with faster changing trains but you need to accept changing.

Trains leave Earlswood at xx24 & xx:54 for London in the morning peak and **xx:13 & xx:43** for the rest of the day (Salfords 4 mins earlier). They take 36 or 37 minutes which is much faster than the 46/7 minutes by Southern Train now.

In the morning peak a few Gatwick northbound services will head to Peterborough and a few Horsham services will call going south. This provides a couple of early peak services to Crawley.

Late at night last trains are provided from the Peterborough to Horsham route.

As Thameslink trains they will call at London Bridge, Blackfriars, City Thameslink, Farringdon (for Crossrail) and St Pancras before heading further north.

Peak trains to Victoria – See our schedules but these will be much slower than before as across all stations on our route. We have some alternatives that are faster changing at East Croydon and Horley including a just after nursery drop off changing train.

Last Trains

London – Thameslink service Farringdon 23:19, Blackfriars 23:24, London Bridge (P4) 23:30, East Croydon 23:46, Redhill 23:59 – connection from Victoria at 23:09 change Redhill or at 23:21 EGR at East Croydon

Except Sunday – last train is 23:45 from London Bridge
