

New Timetable 20th May 2018

All Change at Redhill

Redhill moves from 6 trains per hour base service to six trains per hour base service. So, on the face of it little changes but emphasis is different. Victoria services from Southern are no longer fast services to London but all stations taking 40% longer.

No longer either will Southern head south towards Gatwick from Redhill except 6 peak hour services and two late night trains. All trains going to Reigate, plus **a separate shuttle service to Tonbridge**.

Instead Thameslink will provide 4 trains per hour to Gatwick, 2 calling all stations and 2 fast to Horley then onto Horsham.

Going towards London **the Thameslink services will call in central London at London Bridge, Blackfriars, City Thameslink, Farringdon & St Pancras**. Half will go forward to Bedford via Luton Airport, and half to Peterborough calling at Finsbury Park and Stevenage.

Off peak they will leave xx:19, xx:29, xx:49 & xx:59 so the longest wait will be 20 minutes at Redhill if you just miss one and journey time into London will be 31 minutes.

During the morning peak the Bedford trains each way will make additional stops so they take 41 minutes – see our schedule below.

Return is at xx:00, xx:21, xx:30, xx:51 from London Bridge and take 31 minutes [or xx:09, xx:19, xx:39, xx:49 from Farringdon taking 43 minutes].

Again, in the evening peak trains make extra calls and the services take between 34 and 36 minutes – still faster than today services.

Victoria services leave Redhill at xx:15 and xx:45 in the morning peak and xx:11 and xx:41 rest of the day – they all take 37 minutes to Victoria. Return trains are all at xx:09 and xx:39 from Victoria and take 39 minutes, except in evening peak where they take 36 minutes as no Purley Call.

Normally all Victoria services call at Merstham, Coulsdon South, Purley, East Croydon, Clapham Junction and Victoria

Last Trains

Victoria – 00:08 (runs every day) On Fridays and Saturdays there is an additional service at 01:10

Farringdon – 00:26

Blackfriars – 01:02

Last from London Bridge is at 23:37 as Thameslink trains divert away from London Bridge after midnight
